CREWS WERE MADE DRUNK

Cervera's Men Plied With Liquor To Make Them Fight

ALL SHIPS STRUCK THEIR COLORS BEFORE SINKING

Kingston, Jamaica, July 6—Special—None of the Spanish ships can be saved. As they were beached by their crews the valves were opened, windows smashed and every effort made to sink them. Not one went down with flags flying, but each in turn struck her colors and surrendered. When the survivors were made prisoners it was found all were drunk, having been gorged with liquor to make them fight. Commander Linares' clothing and pistols were found on the Colon, showing that he intended to escape.

Schley Gets the Credit.

Washington, July 6—Special—There is much satisfaction among friends of Admiral Schley over the fact that later accounts of the destruction of Cervera's squadron give the American officer the credit of having been the main factor in the victory. Heretofore Sampson has had the credit of the accomplishment, when in fact he did not participate except at the close of the affair, while Schley was in it from the start and manoeuvred the ships of the American squadron as the commander-in-chief. There has been a disposition on the part of officials here to keep Schley in the background, and to give undue prominence to Sampson, his junior in point of service and his inferior in rank, but events have now appeared to conspire in favor of the admiral. While Sampson was forty miles away when Cervera tried to escape from Santiago, Schley was on the spot and fully prepared for the emergency.

Fears of the Fever.

Washington, July 6—Special—The prevalence of malarial fevers among the troops in Cuba has aroused the government to the necessity of pushing matters there. Less fear of disaster from Spanish assault exists than from the fevers that prevail at this season. These are not necessarily fatal, but completely prostrate those attacked, rendering them unfit for any effort, particularly the great strain of fighting. The yellow fever has not yet made its appearance, but is expected to break out within a few weeks. The war should be ended before the yellow fever season begins, however, and to bring this about will be the aim of the war and navy departments.

Disposal of the Prisoners.

Washington, July 6—Special—No plan has been decided upon for the disposition of the Spanish prisoners captured at Santiago. Admiral Cervera and the chief officers of the squadron will probably be brought here, but the minor officers and privates will doubtless be kept in Cuba, where a strict guard will be placed over them. A place for their confinement will doubtless be found when Santiago falls into our hands. Probably some of the latest recruits to arrive will be given the duty of guarding them until a prison suitable for their reception can be secured.

Fired on French Refugees.

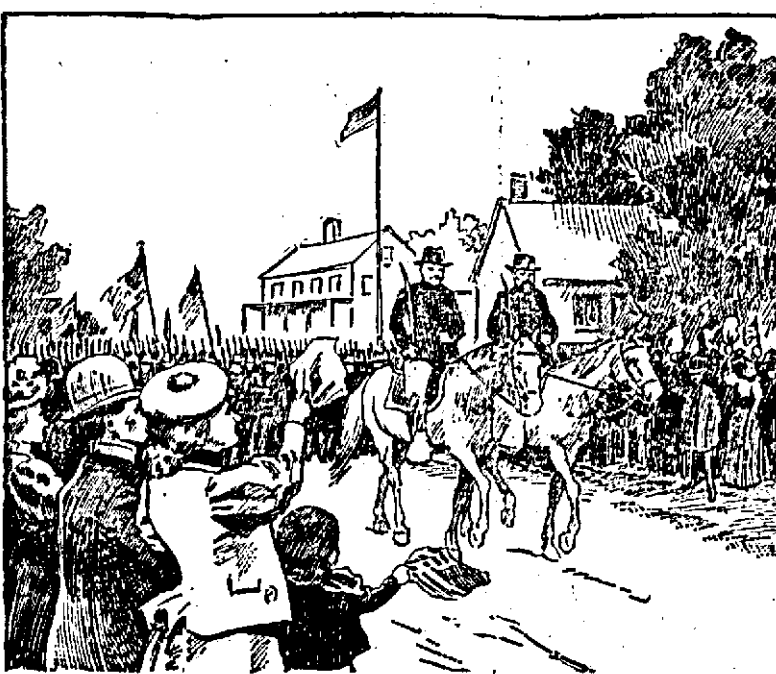

Kingston, Jamaica, July 6—Special—Refugees from Santiago report that eight hundred Spaniards were killed in Friday's battle. The hospitals at Santiago are full of sick and wounded. The refugees also report that the French consul, with four hundred men, women and children, left the city under the protection of the French flag. The party was fired on by a Spanish outpost and two women, one of them the consul's daughter, wounded.

Tunas Attacked.

Madrid July 6—Special—An official dispatch from Havana says the Americans have made another attack on Tunas. The ships fired over a hundred projectiles, damaging many houses and wounding five Spaniards.

Eight Hundred Killed.

Kingston, Jamaica, July 6—Special—The hospital in Santiago is full of wounded and sick soldiers. Refugees estimate that the Spanish loss in killed during Friday's fight was eight hundred.

ON THE MARCH.

SIX HUNDRED SOULS LOST

Steamship LaBourgoyne Sunk By a Collision Off Sable Island—Many Western People Drowned

Halifax, N. S., July 6—[Special]—The ship Cromartyshire, in tow of the Allan Steamer Gremlin, arrived off the harbor this morning with her bow stove in and partly dismantled. She was in a collision with the French steamer, La Bourgoyne, off Sable Island. The latter sank with six hundred people. Two hundred were saved. La Bourgoyne sailed from New York July 2. A large number of her passengers were Americans. Only one woman was saved. The only officers saved were the purser and three engineers. Thirty members of the crew were also picked up. The balance of the saved are passengers of La Bourgoyne. She carried a crew of 225. A hundred and five passengers were aboard when she left New York on Saturday. The collision occurred early Monday morning. A heavy fog prevailed, and the crash came almost without warning. Most of the passengers were in their staterooms. So quickly did the vessel founder that a number of these did not even have time to reach the deck and were drowned in their staterooms. The woman saved was Mrs. A. Lacasse. Paris, July 6—[Special]—The agents of the Hourgoyne say only a hundred and fifty of the passengers were saved. The total loss of life is probably six hundred. Many prominent persons from the western states were aboard, among them being Prof. Walter, of the University of Michigan.

CORNELIUS HERZ DIES

Became Notorious in Connection With the Panama Canal Swindle

London, July 6—[Special]—Dr. Cornelius Herz, who was conspicuously implicated in the Panama canal swindle, died here today. He took refuge in England some years ago to avoid punishment in France for his connection with the gigantic swindle which brought disgrace upon Count Ferdinand de Lesseps and others and has been living in exile ever since.

BEFORE MUNICIPAL COURT.

Cases of Crimes and Misdemeanors Set For Early Trial.

Dr. Robert L. Brown, charged with examination in the municipal court this morning, and his case was set for trial July 12, at 10 a. m.

In the case of M. Markin vs. A. Warden an adjournment was taken by the plaintiff till July 13, at 9 a. m.

A jury is now being drawn to try the case of the state of Wisconsin vs. M. Burns, charged with stealing a bicycle from Frank Taylor.

Dull Boys.

Dull boys often become clever and successful men; but this is simply an account of the fact that dull boys are only slow boys, and it takes more time for their brains to grow than the others. It is steady work, ceaseless endeavor, that tells. Then, again, we forget that a bright boy may be handicapped by other qualities; he may not have the physical strength or energy of the other, while the dull boy is carried forward by never-failing energy and strength; for it is often his dullness at school that makes the dull boy's subsequent success so conspicuous. How many dull boys have become still duller men, and how many bright boys still brighter men! Like the old proverb about ministers' sons, one bright boy that turns out ill is made to stand for the whole class; and one dull boy that turns out well glorifies his whole class. Notwithstanding all our inventions, all our progress, the old Scripture doctrine still holds good—that men reap what they sow, and cannot gather grapes of thistles, nor figs of thorns. It can be set down, therefore, as an established rule that bright boys generally do turn out to be bright men, and dull boys generally do turn out to be dull men. This, you see, gives the latter a chance, which can be fortified by declaring that good boys always turn out good men, and generally successful men.

Female Workers in Munich.

At Munich many of the clerks at the banks and hotels are girls, and as cashiers and bookkeepers at restaurants and other houses of business they are well in evidence. Many women are also employed at railway stations as booking office clerks.

STRIKE IS AT AN END

Chicago Papers Resume Publication, Having Secured New Stereotyping Crews.

Chicago, July 6—[Special]—The stereotypers' strike is ended. All the local papers resumed publication today. New men were secured to take the strikers' places. The printers decided not to sustain the strike.

CARLSON ORDERED TO REPORT

Will At Once Join the Engineer Corps At St. Paul

Charles Carlson, a local electrician, received a telegram this noon from government officials ordering him to report at once to St. Paul, where it is intended that he shall join the engineer corps of the United States army. At St. Paul he and his comrades will await final orders from the government. Mr. Carlson will leave the city on the vestibule this evening.

RECRUITS ARE PLENTIFUL.

No Trouble Experienced by Recruiting Officers in Southwestern Wisconsin.

First Lieut. Kummer, of the Darlington company, was in the city this morning on his way to Jackson to join his company. He reports that recruits in the southwestern portion of the Badger state are numerous, and that he had no trouble in raising a 1st men wanted to fill out the Darlington company. Lieut. Kummer was en route to reach Jackson.

The Explanation.

Roxbury lady (as a blood-curdling warwhoop is heard in the kitchen)—What is happening, Simpkins? Mald—That is Dinah. She always yells that way, ma'am, when she succeeds in turning the omelette without letting it drop on the floor. She is the daughter of a Hottentot chief.—Roxbury Gazette.

WILL SUE FOR PEACE

London Learns That Spain is Ready To Surrender

OUR GOVERNMENT WILL INSIST UPON DEALING DIRECTLY

London, July 6—Special—It is reported here that Spain will sue for peace today. The pressure of the peace party has been greatly increased since news of Cervera's defeat and capture has become known, and it is thought the ministry cannot long resist. Fears of a Carlist uprising are again felt, and may hasten negotiations. The people at large will make any concession rather than continue the unequal conflict.

Clamor For Peace.

London, July 6—Special—News from Madrid is of an alarming nature. Intelligence of the annihilation of Cervera's fleet has got abroad in spite of the government's efforts to suppress it, and there is a loud clamor for peace at any price. The inefficiency of both the Spanish army and navy is freely admitted by the press, and the ministry is urged to make terms while it is possible to retain some degree of national prestige. Riots are threatened in many of the provinces, and on the coast there is great apprehension of disaster as the result of a visit from Watson's squadron. There is not a ship along the coast capable of offering resistance, while the forts are for the most part antiquated, poorly armed, and almost worthless as defenses. An attack in force would compel the surrender of all of these. The hope is expressed that Watson's orders are to follow Camara through the Suez canal, but the fear is general that they contemplate only an attack on the Canaries and the seacoast cities of the mainland. Another American victory, no matter in what quarter, will precipitate a revolutions whose consequences it will be difficult to foresee.

No Mediators Need Apply.

Washington, July 6—Special—Statements in foreign dispatches that Spain will sue for peace through other powers attract little attention in official circles here. If Spain wants peace she must sue for it directly with Washington. No mediators need apply on her behalf. There are scores to settle that cannot be considered by nations not interested in the questions at issue between the United States and Spain.

Hobson to be Exchanged.

Washington, July 6—Special—The following dispatch was received from Shafter this morning: "I am in receipt of a letter from Gen. Soul, agreeing to exchange Hobson and his men here. We are to make the exchange in the morning. Yesterday he refused my proposal to exchange."

Wounded Are at Key West.

Key West, July 6—Special—The hospitalship Iroquois has arrived with three hundred and twelve patients from Siboney. Two hundred of them participated in Friday's fight. Many of the wounded are officers.

Wisconsin Soldiers Go.

Chatanooga, July 6—Special—The Second and Third Wisconsin, Third Illinois, Fourth Ohio, and Fourth Pennsylvania regiments have started for Charleston, where they will embark for Santiago.

No News at Madrid.

Madrid, July 6—Special—No news of Shafter's intention to bombard Santiago is received. Blanco has been asked for details.

The Pelayo Detained.

Ismalia, July 6—Special—The Spanish battleship Pelayo is detained in the canal with a broken machine.

HEMMING SALOON TO CLOSE

Firm Will Now Devote Their Time to Wholesale Trade

In December, 1871, the late Wm. Hemming opened a saloon at No. 113 West Milwaukee street. The business was conducted without change of location from that time until Mr. Hemming's death and has since been carried on by the estate.

It is now the intention of the family to close the saloon and dispose of the stock so that sole attention can hereafter be given to the management of the brewery on Franklin and River streets.

It was the wish of Mr. Hemming, expressed before his death, that such change in the business should be made as soon as possible.

The clerk stated that two bids had been received for grading East and South Third streets.

The bid of P. N. Ryan was for 22 cents per cubic yard and W. F. Hughes & Co.'s bid 25 cents per cubic yard. Mr. Ryan's bid was accepted.

A protest signed by 101 business men on South Main street against the issue of a saloon license at No. 21 South Main street was presented and caused much discussion. It was referred to the license committee and subsequently placed on file.

South Main Street Grading

It was ordered on motion of Alderman McLean that the plans and specifications for macadamizing South Main street from Racine street to Carrington street be adopted; that the profile and grade of North Jackson street and Mineral Point avenue be adopted in lieu of all other grades and that the plans and specifications for macadamizing both Jackson street and Mineral Point avenue be adopted.

General Street Improvements

It was also ordered that the street commissioner be directed to inspect all the crosswalks and sidewalks in the city and report, in writing to the council all sidewalks that need rebuilding and repaving, where the expense of the same will exceed \$5 and where said expense will not exceed said sum the said street commissioner is hereby directed to repair the same forthwith in case the owner neglects to make such repairs in front of each lot be reported to the council to be charged against the owner of the same as provided by the city charter.

Said street commissioner is further directed to employ one man for each ward to assist in making said inspection.

After a protracted discussion a liquor license was issued to Mr. Cunningham at 21 South Main street.

An order awarding the contract for grading East street to Oakland avenue and South Third street from Wisconsin to Jackson street to P. W. Ryan was laid over to the next meeting.

More Street Improvements.

The following orders were adopted: To repair the north side of East Milwaukee street with some of that crushed stone.

Providing for the macadamizing of North Jackson street from Wall street to Mineral Point avenue, and Mineral Point avenue from North Jackson street to Washington street, and that the council act in relation to the work

on July 18th, the work to be done on or before September 13.

It was ordered that action on the matter of macadamizing South Main street be taken on July 18.

A Passage at Arms.

On motion of Ald. Carpenter it was ordered that all crushed stone used in the several wards be charged to the general fund and not to the ward fund as heretofore.

The Mayor remarked:—"It is only an honorable steal."

Ald. Carpenter:—"I desire to repudiate the statement made by the mayor or that this is an honorable steal, and I throw it back in his teeth that it is no steal so far as I am concerned."

The Mayor:—"The gentlemen will sit down. He must not talk to me in that manner."

Ald. Carpenter said he would talk when he pleased and as long as he remained there and he proposed to stay there. He said he had made that statement before.

At the conclusion of the meeting the mayor disavowed any personal allusion to Ald. Carpenter, and his apology was gracefully accepted.

Directing the city engineer to prepare plans and specifications for macadamizing High street from Dodge to Pleasant street and that part of Dodge street between High and Academy, and prepare a grade of the same and file with the city clerk.

That the city engineer be directed to ascertain the front length of lots fronting on North Main street between Fourth and Prospect avenues with a correct description thereof—and the name of each owner, and file the same with the city clerk; also to establish a new sidewalk grade on the east side of South Williams street.

ODD FELLOWS INSTALLATION.

Officers for the ensuing year take their places.—Presentation to a Pioneer.

There was a regular meeting of Janesville City Lodge No. 90, I. O. O. F. at West Side Odd Fellows' Hall last evening, which was full of interest. Some thirty members of Wisconsin Lodge were present as visitors. The following officers were installed by District Deputy Grand Master James A. Fathers:

N. G.—Leslie Holmes.
V. G.—Otto E. Smith, Jr.
R. S.—Herman W. Kramer.
Treas.—J. W. Hodgdon.
Warden—L. T. Clark.
B. S. N. G.—James A. Fathers.
L. S. N. G.—J. C. Stanton.

L. S. S.—Elmer E. Warner.
O. G.—H. D. Johnson.
I. G.—O. P. Bronson.

Chaplain—Geo. H. Davay.
Past Grand—Walter Rice.

During the evening Edward Smith, one of the veterans of Odd Fellowship in Central Wisconsin, was presented with a veteran's jewel. Mr. Smith has been a member of the order for more than twenty-five years. The presentation was made by Deputy Grand Master Fathers, who paid a tribute to the worth and faithfulness of the recipient that received the cordial endorsement of all present. Mr. Smith responded briefly, though his voice was choked with emotion.

The evening's business being closed refreshments were served in the banquet hall, and all present expressed themselves as being highly pleased with the occasion.

LARGE TRAFFIC DURING JUNE.

Railroads Report an Increased Traffic During the Month of June.

Passenger traffic out of this city on both the Chicago & Northwestern and the Chicago, Milwaukee & St. Paul railroads shows an increase of several hundred dollars for the month of June as compared with the corresponding month of last year. This means nothing more or less than that local residents have freely patronized the numerous cheap excursions out of this city.

The Woodman picnic at Rockford attracted many, but the bulk of this extra traffic found its way to Milwaukee during Carnival week. The summer resorts have also attracted many.

ALL THE NEWS OF
THE BADGER STATESHOOTING AFFRAY BETWEEN
RESIDENTS OF MONROE

Dr. R. B. Clark Has a Bullet Hole Through His Hip As the Result Of a Misunderstanding.—Travelers Insurance Company Turns Over a Large Sum to the Treasurer.

Monroe, Wis., July 6.—Dr. R. B. Clark, a well known physician, has a bullet hole through his left hip, and Thurman Craig, also a well known resident, is in jail awaiting charges that will be made against him as soon as the extent of the injury inflicted becomes known.

The two men met in the street near the opera house shortly after 6 o'clock yesterday, and were heard talking loudly, when Craig, who was in a buggy, stepped to the ground and fired a revolver, the bullet taking effect in Clark's hip. The ball, a .33-caliber, passed through, leaving a clean-cut hole on the other side. Craig drove to the jail and gave himself up, while Clark walked to the house of his brother, District Attorney Harvey Clark, five blocks away, to have a warrant sworn out. The wound is not regarded as necessarily dangerous, but could easily have been fatal.

The cause of the trouble has not been learned. Craig is a leader in the Masonic lodge, and Clark belongs to the Knights of Pythias lodge. Both occupy high positions locally.

THE STATE PROFITS.

Travelers Insurance Company Pays Its Indebtedness In Full.

Madison, Wis., July 6.—The Travelers' insurance company of New York has paid the state \$30,145.64. This sum was adjudged due to the state by the Supreme court at the end of a long suit brought against the company by insurance Commissioner Fricke and Atty-General Mylrea. The ground was that the company, which was doing both a life and accident insurance business, must pay taxes on both lines, whereas it had up to that time been paying taxes on but one.

The suit involved the rights of several other companies which are engaged in several kinds of insurance business.

The money paid by the Travelers brings the sum the state has received as a result of this decision, to more than \$100,000. The court upheld the position taken by the state officials and the decision is one of the most noted in the history of insurance law.

COAL BIDS REJECTED

State Board of Control Finds Fault With the Coal Dealers

Madison, Wis., July 6.—The State Board of Control yesterday opened bids for the coal for state institutions for the coming fiscal year. It was found that the bids covered but a few classes of coal, so all were refused and new bids called for to be opened July 15. The new bids will include all grades and kinds of coal. It has been the custom to ask for bids on a limited number of varieties but the board thinks this prejudicial to the interests of the state and will open a field to all varieties and all dealers.

Reward For Murderers

Madison, Wis., July 6.—Gov. Scofield has offered a reward of \$200 for the arrest and conviction of the murderers of Mary Saldon, of Pepin county, who was killed June 10. The county has offered a similar reward.

NORTON LOSES RIGHT HAND

Officer Brown Finds It and Adjusts It Satisfactorily

James Norton, who resides near Evansville, came to town on the Fourth only to lose his whole right hand. The accident was not a painful one and the lost hand was found and adjusted by Officer John Brown just as if nothing had happened.

A few months ago Norton fell under the cars and had his right hand cut off. He then purchased a wooden one and it was this five fingered member he lost in this city while drunk on the night of the Fourth. Norton promised Officer Brown that he would not touch another drop of liquor.

—Misses—
Elizabeth Collins, May Hayes, Inez Walrath, Bertha Hogan, Eva Pellant, Mattie Hayes, Maudie George, Rosie McManus, Julie Timmons, Lizzie McCue, Gertrude Casey, Rosa McManus.
—Masters—
John Devins, Frank Connors, T. J. McLennan, Willie Paenichen, Bert Mahoney, Charles Conway.

There was a large attendance, and the concert was greatly enjoyed by all present.

CLOSED FOR HOSPITAL USES

Debt of Oak Lawn Hospital to be Paid and Institution Closed.

At an adjourned meeting of the Oak Lawn Hospital association held last evening, it was decided to borrow \$2,000 at 5 per cent per annum, pay up the outstanding indebtedness of about \$1,800, and put the balance in the bank and use it to pay interest, repairs, etc. While its doors will be closed as a hospital the premises will be occupied by a tenant and nothing will be sold or removed therefrom.

The building will be kept in its present condition in the hope that "there'll come a time some day" when it will be required for hospital purposes.

RICHARDSON IS IN CUBA

Well Known Janesville Officer is Heard From and is Safe

A postal card from the pen of Lieutenant Richardson, dated from the island of Cuba on June 27, has been received in this city by local relatives. It merely recorded his company's safe arrival, and that they expected to see action at once. Instructions were given his parents what to do with his earthly belongings in case of accident to him.

In the list of the wounded Lieut. Richardson's name does not appear, and there is little doubt but he is safe.

BEGIN DIGGING SAND SOON

Work on the Culver Tract Will Soon Be Under Way.

Civil Engineer E. E. Gray and Local Agent F. W. Cleveland, of the Chicago & Northwestern railway, were in the city today for the purpose of looking over their newly purchased sand pits north of this city on the Culver farm. The intention is to begin at once extensive work in this newly purchased section, which will give work to many men both in train service and in the pits.

SINGULAR STATEMENT.

From Mrs. Rank to Mrs. Pinkham.

The following letter to Mrs. Pinkham from Mrs. M. RANK, No. 2,354 East Susquehanna Ave., Philadelphia, Pa., is a remarkable statement of relief from utter discouragement. She says:

"I never can find words with which to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me."

"Some years ago I had womb trouble and doctored for a long time, not seeing any improvement. At times I would feel well enough, and other times was miserable. So it went on until last October, I felt something terrible creeping over me, I knew not what, but kept getting worse. I can hardly explain my feelings at that time. I was so depressed in spirits that I did not wish to live, although I had everything to live for. Had hysteria, was very nervous; could not sleep and was not safe to be left alone."

"Indeed, I thought I would lose my mind. No one knows what I endured. I continued this way until the last of February, when I saw in a paper a testimonial of a lady whose case was similar to mine, and who had been cured by Lydia E. Pinkham's Vegetable Compound. I determined to try it, and felt better after the first dose. I continued taking it, and to-day am a well woman, and can say from my heart, 'Thank God for such a medicine.'"

Mrs. Pinkham invites all suffering women to write to her at Lynn, Mass., for advice. All such letters are seen and answered by women only.

A Question

of where to buy summer Suits

will be answered to the satisfaction of every woman visiting our store.

A Record Breaker

Hot spells make lively selling of warm weather goods. We are enjoying an immense sale of

Skirts

and show a large assortment. Some idea of the way they sell can be had from the fact that on the 21st we wired for one dozen of a particular style of linen; they were sold in four days and the weather not very warm. Got in two dozen Friday at 10:30 a. m., all sold by Saturday night,—to say nothing of the duck and pique skirts, of which we have sold many. Expect another shipment of skirts early this week.

Suits

Showing the best styles of Pique and Linen Suits is what puts us IN THE LEAD. New linen suits received Saturday, tailor-made, with blazer jackets—\$5.50. Our Pique Suits are excellent and the scarcity of good pique by the yard makes them doubly appreciated by the ladies.

Stanley Shirt Waists

No other waists compare with them. We show beautiful exclusive styles. We have them in white pique, dotted muslin, percale, gingham, silk stripe, madras, fancy sheer muslin and solid colors; 50c to \$2.50.

Silk Umbrellas

Lots of changeable silk umbrellas are selling. 75 new ones just received, in pretty reds, greens, blues, browns, purples, with rich handles. Good numbers at \$2.50, \$3.25, \$3.50, \$4, \$5 and \$6. Great assortment of blacks, all prices. Fancy Parasols worth to \$4, all in one lot, choice, \$1.50.

LATE NEWS BY TELEGRAPH

BOMBARDMENT IS ORDERED.

Combined Land and Sea Attack on Santiago.

SAMPSON TO ENTER HARBOR.

President and Cabinet Thought It Wise to Defer Further Hostilities Until Our Ships Could Render Effective Aid to the Land Forces.

Washington, July 6.—The president has directed Admiral Sampson to force the entrance of Santiago harbor if that feat be possible, and once inside the American fleet is to join with the American army in bombarding Santiago into submission. This is a changed plan, resulting from the withdrawal of the Spanish fleet from the harbor and its subsequent annihilation. It had been the first plan to have Gen. Shafter begin bombardment Tuesday, and he was so ordered. But now that the Spanish fleet is out of the way there is no reason why Sampson should not lend a hand inside the harbor and close to the city, and thereby save a good many lives among our soldiers. This is the official explanation of the delay in bombardment, which was to have begun at noon Tuesday. It caused many murmurs of disapproval, as it was felt that Shafter would be accused of making a bluff, and that his threats would hereafter have no effect. Up to the time of the cabinet meeting it was expected the bombardment would begin promptly at the time set by Gen. Shafter. But the president and his advisers determined otherwise, and Shafter had also telegraphed that he thought it useless to force the fighting until strong reinforcements arrived. He said Gen. Pando had succeeded in entering Santiago with 6,000 reinforcements, and this made the Spaniards much stronger than our force, besides having the advantage of intrenchments. The cabinet approved this course and before noon Shafter was directed to defer the bombardment and to consult with Sampson as to a joint bombardment after the admiral had forced his way into the harbor. This conference occurred last night, and Sampson has been directed to start at once for Shafter's headquarters. The result has not yet been reported here, but it is believed and expected that Sampson will force our ships within the harbor before many hours, and then Santiago will be between two fires.

In the meantime reinforcements are being rushed to Shafter from Tampa, Newport News, Charleston, Savannah and Mobile. The administration does not propose to take any more chances and will send ten to fifteen thousand men at once, and as many more if needed. All ships along the coast have been pressed into service. Troops of Garretson's brigade sail from New York on the St. Paul today. Others go to Charleston and there take the Yale and Harvard. Ten thousand men are ordered to move south from Chickamauga and take transports at Charleston, Savannah and Mobile. They are: Gen. Erns's brigade, First brigade, First division, First army corps; Third Wisconsin, Col. Martin T. Moore; Fifth Illinois, Col. James S. Culver; First Kentucky, Col. John B. Castleman.

Gen. Hains' Third brigade, Third division of First army corps; Ninth Pennsylvania, Col. Charles B. Dougherty; Second Missouri, Col. William K. Caffery; First New Hampshire, Col. Robert H. Rolfe.

Gen. Garretson's brigade: Eighth Ohio, Col. Curtis V. Hard; Sixth Illinois, Col. D. Jack Foster; Sixth Massachusetts, Col. Charles F. Woodward.

Gen. Miles is scheduled to leave Washington today for the front. He goes to Charleston and there takes the Harvard, which will also transport troops. The going of the commanding general of the army to Santiago looks as though the government thought it had a big job on hand. Gen. Miles has been eager to get into the fight, but the president has not wanted to supersede Shafter. The understanding is that Shafter will continue to command the attack, but Miles will probably gather in the rears when he reaches Santiago. He may direct an entire change of plans, as he has not approved all of Shafter's campaign.

Commodore Schley is getting all the credit for the battle in which Cervera's fleet was annihilated. Sampson was seven miles away and the next officer in command, Watson, was coaling his ship at the time. This left Schley on guard. He promised when he left here that he would blow the Spaniards out of the water if he ever got the chance, and this was his first chance. Resolutions in congress, offered Tuesday, propose thanks to Schley, but make no mention of Sampson. There is much surprise that Admiral Sampson's official report of the fight made no mention of Schley, who won it.

Details of the fight continue to come in. The number of Spanish killed is now estimated at 500 and prisoners 1,500. There is hope of saving something from the wreck of the Spanish ships. They were sunk or burned, but many valuable guns are on board. The Spanish admiral may be brought to the United States and held until exchanged for Lieut. Hobson. He is being treated with every courtesy owing to his rank, and Secretary Long has sent instructions to allow Cervera to communicate

The same courtesy is being shown other officers.

Gen. Pando Wounded.
Kingston, Jamaica, July 6.—Another of the Spanish leaders, Gen. Pando, has fallen in battle, but his troops, numbering 6,000, have succeeded in getting into the city of Santiago. According to refugees who arrived here from Santiago, Gen. Pando was seriously wounded in the arm while commanding his troops in a battle at Dos Palmas, at which point Gen. Garcia, with several thousand Cubans, attempted to prevent his further advance toward Santiago. After the battle Gen. Pando's men proceeded toward the city, finally entering without difficulty.

FORTUNE FAVORED AMERICA.

Had Cervera Taken an Eastward Course He Might Have Escaped.

Off Santiago de Cuba, July 4 (via Port Antonio, Jamaica, July 6).—Admiral Cervera held a consultation with his officers before sailing out of the harbor of Santiago de Cuba, and by a small majority the move was agreed upon. The majority said that destruction was sure, as many of the firemen had mutinied and the best men in the fleet were worn out by serving the guns in the shore batteries.

Early on the morning of the sortie careful observations were taken of the sea, east and west. Admiral Cervera decided upon taking the westward course, with Manzanillo, Cienfuegos or, if possible, Havana, the port to be reached. He would have gone east but for the sighting of a large transport fleet off Siboney, and the assurance that a convoy of war vessels was still with the transports.

As a matter of fact there is no war vessel larger than a converted yacht, except the New York, that could have obstructed Admiral Cervera's escape eastward.

Naval men here are sure that the Spanish vessels could have disabled or sunk the New York and escaped had the eastward course been chosen.

KILL FIFTY SPANISH AT MANILA.

London, July 6.—A special dispatch from Manila, dated July 2, says Capt. Gen. Aguinaldo made a sortie for the purpose of repairing the aqueduct which supplied the walled city, and in an endeavor to communicate with Gen. Moron. The insurgents concentrated their troops and opposed the sortie, forcing the Spanish commander to return to Manila. The insurgents are said to have suffered severe losses, and the Spaniards are reported to have had 50 killed and 150 wounded.

Says Peace Is Necessary.

Paris, July 6.—The Temps publishes an article headed "Peace Is Necessary" in the course of which it says: "Perhaps the only service which Senor Sagasta can now render to Spain, his party, liberalism and himself, is to open negotiations for peace. There has been enough bloodshed, battles and destruction of ships, forts and lives. If Spanish honor is not now satisfied, when, in the name of heaven, will it be?"

Would Deal a Crushing Blow.

Washington, July 6.—Precautions are being taken to make Gen. Shafter's victory at Santiago de Cuba as complete and glorious as that of the navy of Admiral Cervera. President McKinley and the war managers will not be satisfied with the capture of the city. They insist on dealing a crushing blow to Spanish power in eastern Cuba by making prisoners of the whole Spanish army in the city of Santiago.

Preferred to Fight at Sea.

On Santiago de Cuba, July 4, via Kingston, Jamaica, July 6.—The first and only statement concerning the recent naval battle made by the Spanish commander, Admiral Cervera, was to a correspondent of the Associated Press on board the battleship Iowa. It was as follows: "I would rather lose my ships at sea, like a sailor, than in a harbor. It was the only thing left for me to do."

Madrid Hears Bad Tidings.

Madrid, July 6.—Senor Sagasta, the premier, has announced officially that Admiral Cervera's squadron has been defeated, that the Almirante Oquendo was burned and the Infanta Maria Teresa sunk, and that Admiral Cervera himself is prisoner of war. The dispatch containing the information has not yet been fully deciphered.

Suggests a Neutral Zone.

London, July 6.—A dispatch to the Daily Telegraph from Manila, dated July 1, says: "In view of the grave state of affairs the foreign consuls have suggested the advisability of establishing a neutral zone around Manila, within which there shall be no hostilities on either side. The suggestion is not likely to be adopted."

Talk of Papal Intervention.

Rome, July 6.—There have been several conferences during the last few days between Cardinal Rampolla, the papal secretary of state, and Mgr. Merry del Val, Spanish ambassador to the Vatican. The Italian assumes that Spain may again intend to ask the pope to intervene in behalf of peace.

Fourth Wisconsin Is Called.

Milwaukee, Wis., July 6.—The four companies of the Fourth regiment, Wisconsin national guard, and Battery A left Tuesday afternoon for Camp Douglas, where the new regiment of infantry and Wisconsin's quota under the second call are to be mobilized.

TO EXACT TRIBUTE FROM CUBA

Her Demands Are Felt to Be Beyond All Reasons, from an American Standpoint—Arrangements as to the Philippines.

London, July 6.—A dispatch from Berlin to the Daily News says that feelers have been put out from Spanish quarters with a view to ascertaining how the powers and the United States are likely to regard the terms of peace that Spain is willing to propose. These are said to be: First, the independence of Cuba; second, that Cuba pay a tribute to Spain for twenty years; third, that Spain keep a small garrison at a small port during that period; fourth, that other powers be entitled to maintain small bodies of troops on the island for the protection of their own subjects; fifth, that the Philippines be declared independent of tribute and that Spanish occupation on one island be permanent; and sixth, that Porto Rico be occupied by the United States as a pledge for the punctual payment of indemnity, and that the island be evacuated after Spain shall have fulfilled her obligations.

TORNADO DOES DAMAGE.

Great Loss of Life Reported at Hampton Beach, N. H.

Hampton, N. H., July 6.—A tornado struck a section of Hampton Beach, causing immense damage to beach property and great loss of life. The tornado touched the beach at a place about half a mile north of Whittier's hotel and cut a swath 100 yards wide in a westerly direction, moving in rotary shape until it passed out to sea. Twenty cottages were torn down and several small hotels completely wrecked.

The greatest loss of life and injury came with the demolition of the old skating rink near Levitts, a single story structure of wood, 500 by 100 feet in size. Here from seventy-five to 125 persons were seriously injured, an unknown number slightly wounded, and seven persons are already dead.

THIS DAY IN HISTORY.

- 1747—John Paul Jones (John Paul) born in Kirkcubright, Scotland; died in Paris July 18, 1792.
- 1802—General Daniel Morgan, American Revolutionary hero, died at Winchester, Va. Morgan was a gallant border soldier in the numerous Indian wars of the colony of Virginia. His first service in the Revolution was in Arnold's march to Quebec, where he led a band of picked riflemen, barely Virginia mountaineers. In the great assault when Montgomery fell and Arnold was disabled Morgan fought his way into the town. His command was always made up of the same elements as his original company and at Saratoga and Cowpens played a brilliant part.

First Congressional District Republican Convention

A republican convention for the First Congressional District of Wisconsin will be held at Elkhorn, Wis., on Wednesday, August 10, 1898, at 12 o'clock noon, for the purpose of placing in nomination a candidate for congress, electing a congressional committee, and the transacting of any other business that may properly come before the convention. Each assembly district will be entitled to one delegate for every 250 votes cast for the republican candidate for President in 1896, and an additional delegate for a major fraction. The several assembly districts will be entitled to representation in the convention as follows:

Green, twelve.
Kenosha, twelve.
Lafayette, twelve.
Racine, First district, twelve.
Racine, Second district, eleven.
Rock, First district, nine.
Rock, Second district, eleven.
Rock, Third district, thirteen.
Walworth, First district, ten.
Walworth, Second district, eleven.
Dated July 6, 1898.

W. W. ORADWICK,
Chairman First Congressional District Republican Convention.

The official call has been issued for the eleventh annual convention of the National Republican League of the United States to meet in Omaha, Wednesday, July 13. Each state and territorial league is entitled to four delegates from each congressional district and six delegates at large. The business of the convention will include reports from the officers for the ensuing year, designation or reference of the time and place of holding the next annual convention, consideration of amendments to the constitution, consideration of all matters pertaining to national and state league business and a general discussion of plans for club work and organization. A mass meeting will be held upon the evening of the second day and the committee of arrangements is now securing speakers of national prominence for it.

The Madison State Journal constructs the following from "that rampant La Follette organ, The Black River Falls Banner," to confirm the idea that the La Follette machine means to bolt. In speaking of the nominee for governor, The Banner says:

"I well needs a man whose record is clear—whose impulses and advances are known to be with the people in their battle for their rights, and whose political and personal integrity is unquestioned. By such a course the republican party will be sure to win. Otherwise we have our doubts."

Cervera's men died at their posts. Whatever else may be said of the Spanish sailors it cannot be charged that they are cowards.

The Chicago papers will have to issue a good many fake extras after they patch matters up, in order to make up for lost time.

General Pando is said to have succeeded in getting into Santiago, but he may as well be bottled there as anywhere else.

The Ohio go stereotypes probably like the news as much as anyone else, although probably none of them will admit it.

The attention of Spain might properly be called to the old saying concerning "the wages of sin."

The Chicago reporters do not mind change, it is said, as they are used making "temporary assignments."

Sampson had orders to destroy the Spanish fleet and he did it on the first opportunity.

REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15.
To the Republican Electors of Wisconsin:
By direction of the State Central Committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention.

In accordance with resolution recommended by the state convention and formally adopted by the State Central Committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the State Central Committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election.

Special attention is hereby called to the fact that all delegates to elect delegates to the state convention must be called on a notice of not less than four weeks; all town or ward caucuses as primaries to State convention on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be given in the usual manner.

As the State Central Committee acts as the Credentials Committee, it is requested that credentials of delegates elected by county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee headquarters in Milwaukee, immediately upon their election; in every case giving the names in full and postoffice address.

EDWIN D. COLE, Chairman.
JOHN M. EWING, Secretary.

Rock county will be entitled to 33 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13.

Just think of it! A few weeks ago we feared that one Spanish torpedo boat might sink the Oregon!

The fact that Sampson has captured a prisoner insures the safety of Hobson and his heroic comrades.

In stopping at Port Saic, Camara got as far away from both Dewey and Sampson as was possible.

The attention of the LaFollette machine is called to the fate of the Chicago stereotypes.

Now that Spain has been knocked to pieces she naturally wants peace.

And all of Sampson's friends say "I told you so!"

Camara is headed for the jaws of death.

Camara is quaking in his boots.

Sampson is well named.

The entire performance is given by one hundred superb dogs and ponies, all of whom are famous for their beauty and intelligence. They have been educated to a wonderful degree of intelligence by Prof. Gentry, who is known everywhere as a most successful trainer of animals.

Prices of admission are decidedly reasonable, being children, 15 cents and adults 25 cents.

Great Treat for the Children.

Prof. Gentry's school of performing dogs and ponies, are to exhibit under a tent in this city, Milwaukee avenue and Olmsted street, Friday and Saturday, July 8 & 9, afternoon and evening.

Garfield as a Boy.

Garfield was said to be only one of a very few who kept up their literary studies while in Washington. He never did so well but it seemed he could easily do better. He always gave the impression that he had much more power than he used. As Trevelyan said of his parliamentary hero, Garfield succeeded because all the world could not have kept him in the background, and because, once in front, he played his part with an inextinguishable and commanding ease that were but the outward symptoms of the immense reserve of energy on which it was in his power to draw. "When I was a freshman in Williams college," said Garfield, "I looked out one night and saw in the window of my only competitor for first place in mathematics a light twinkling a few minutes longer than I was wont to keep mine burning. I then and there determined to invest a little more time in preparation for the next day's recitation. I did so and passed above my rival. I smile today at the old rivalry, but I am thankful for the way my attention was called to the value of a little margin of time well employed. I have since learned that it is just such a margin, whether of time, or attention, or earnestness, or power, that wins in every battle, great or small."—Success.

Pink Sugar for a Pink Tea.

At a pink tea the other day, in addition to the candle shades and flowers of that tint, lumps of pink and white rock candy were served with the beverage that cheers. To sweeten tea with rock candy is an English notion, and in its behalf the claim is made that it is a much purer form of saccharine than sugar. At the same time, plates of small round cakes, covered with a thick, soft, icing, held, each of them, mounted on a pointed wooden toothpick, a tiny pink flag. Four large plates, piled evenly with tiers of these small cakes, each fluttering its tiny pennant, contributed a very pretty effect to the polished oak table upon which the light refreshments were set out.—Philadelphia Times.

WALTER S. BENNETT PASSES AWAY TODAY

WAS FOR MANY YEARS A LEADING BUSINESS MAN

Retired From Active Business Several Years Ago—Particularly Well Known and Highly Esteemed by Our Old Residents—Death Was Due to Pneumonia

Walter S. Bennett died at 1:45 o'clock this afternoon, at the home of Mrs. Harriet L. Marshall, 101 South Main street. Deceased was born in Rome, N. Y., sixty-one years ago, and besides a wife, leaves one daughter, Mrs. George Marguerat, of Chicago.

By the death of Mr. Bennett, the city of Janesville loses a citizen who at one time was considered one of the most influential and prominent men of the Bower City. Several years ago no one was more highly respected than Walter S. Bennett, and in all public affairs that concerned the welfare of the city he was foremost in the ranks. For a time he conducted a hardware store on West Milwaukee street. Of late years he has been making his home with relatives in Chicago, and only last summer returned to this city, preferring to live here.

Last winter he contracted a severe cold, which soon developed into pneumonia which made his condition so serious that he was obliged to be removed to Oak Lawn hospital, where he remained for several weeks. Prior to his late illness he had been employed at the Heddles leaf tobacco stemming factory in Spring Brook as night watch.

By the death of Mr. Bennett the community loses a much respected man, and his demise will be mourned by many, and in particular by the early settlers, who respected him for his manly deeds.

The interment will take place at Oak Hill cemetery. The time of the funeral will be announced later.

Mrs. Harriet L. Woolcroft.

Mrs. Harriet L. Woolcroft, a former well known resident of this city, died at Superior, Wis. recently. Deceased was seventy-one years of age, and died as the result of a complication of diseases brought on by old age. A husband survives her. Many years ago Mr. and Mrs. Woolcroft settled in Janesville and took an active part in the early affairs of the city. For a several years they conducted a bakery and restaurant in the block where now stands the N. B. Robinson saloon. Many early settlers in this section will remember the deceased, who was a noble lady, esteemed by all. The interment took place in Duluth.

HER REASON IS FAR FROM SOUND

MISS MARY VICKERMAN COMMITTED TO MENDOTA

She is a Resident of Milton Junction And Has Been in a Private Sanatorium—Has Been Acting Strangely For Some Time Past—She May Recover.

In the county court this morning Judge J. W. Sale ordered the issue of papers committing Miss Mary Vickerman, of Milton Junction, to the insane asylum at Mendota. The woman is forty-two years old, and is well known to all residents of Milton Junction. Some years ago she manifested symptoms of insanity, and was sent to a private sanatorium for treatment. For a time she appeared to improve, and was brought back to her home, when for a time it was supposed she would completely recover her reason. But these hopes were illusive. She gradually grew worse, and although not violent it was found impossible to give her such care as she required at home. Drs. E. D. Hall and W. H. Borden, of Milton Junction, were directed to make a thorough examination of her case. This they did a few weeks ago and agreed in pronouncing her a fit subject for treatment at the asylum.

Miss Vickerman will be brought to this city by Sheriff Acheson this evening and will be conveyed to Madison tomorrow morning. She has many friends at Milton Junction who have done all in their power to restore her to her right mind but without avail. The examining physicians, are of the opinion, however, that under the treatment of skilled attendants such as are in charge of the Mendota asylum she may recover her reason. Her insanity takes various forms, mostly hallucinations. She imagines herself rich at times, and wishes to bestow large sums of money upon benevolent enterprises. At other times she is morbid and takes an unhappy view of life. At these times fears are entertained that she will attempt her own life. Her case, however, is not regarded as hopeless, although it may become so if salutary treatment is much longer delayed.

The Madison Democrat says: The Eastern Star quartet returns strengthened by the substitution of Miss Rolston, a lady well known in southern Wisconsin, as soprano. The sweet singing of these ladies last season was greatly enjoyed. In addition to their concert work they will sing at the Sunday services.

George Washington's portrait was placed in front, and as the large train whirled through the country it attracted no end of attention. At each station it was received with cheers.

Residents of Spring Brook Think They Saw a Crazy Man in a Barn

Chief Hogan and several Spring Brook residents searched the large abandoned street car barn last evening from 7:30 to 8:50 o'clock in the hope of finding a supposed insane man. Residents residing near the barn reported last evening to the police that they had seen a man stark naked climbing about the interior of the barn, that he had been there for two days. After searching the structure from top to bottom the chief and his assistants gave the job up without getting as much as a clue to their man.

BRIEFS FROM BELOIT

Several Marriages Among the Society Belles—Death of a Former Academy Principal.

Beloit, Wis., June 6.—[Special]—Ernest Eaton and Miss Bella Cornelius, of this city, were married July 4, at 451 Broad street, by Rev. T. De Witt Pease. The newly married couple will make their home in Denver, Col. Edward Tenney and Miss Libbie Cassady were married by Rev. Mr. Pease, July 4. The parties are well known in this city, and their many friends wish them success as their future home in San Francisco.

The marriage of Miss Alice M. Brittan, daughter of Mr. and Mrs. Walter M. Brittan, of Beloit, to Roy Kendrick Rockwell, of Chicago, took place last night, at St. Paul's Episcopal church, at eight o'clock. Miss Jessie Lawrence, of Chicago, was maid of honor and W. Seymour Perrie, of Chicago, was best man; the ushers were W. Scott Bond, of Chicago, Harold Rockwell, of Chicago, P. DeLaney, of Fond du Lac, and Lewis Britton, of Beloit. A grand reception was given after the ceremony. Mr. and Mrs. Rockwell took the 9:45 train for the north to spend two weeks, after which they will make their home in Chicago. The bride was one of Beloit's leading society belles, and she will be greatly missed. She was a member of the "As You Like It" club, which is composed of Beloit's first society girls. Last month two of this club's young ladies were married and Miss Rockwell makes the third.

John Proctor Fish, formerly of this city, and for several years principal of Beloit College Academy, died at the residence of his son, George Fish, 4111 Madison avenue, Chicago, Sunday, July 3rd, after an illness of two days. His remains will be brought to this city for burial.

Mrs. Harriet Stone, residing on Highland avenue, died last night. Mrs. Stone was an old resident of Beloit.

SIGNIFICANT INCIDENT.

German Warship Follows Americans Into Manila.

ACTION WAS DISCOURTEOUS.

German Commander Evidently Taking Note of the Strength of Our Force, and Giving Admiral Dewey a Strong Hint at the Same Time.

London, July 6.—The Hong Kong correspondent of the Daily Mail says: "The triumphal entry of the re-enforcing squadron into Manila was marred by an unpleasant incident, for which the Germans were responsible. As the ships came up the bay they were closely followed by the German warship Kaiserin Augusta, which had been cruising about Mariveles for some time. The impression given every one who watched her was that she was not only making a close observation of the American forces, but endeavoring to show both American and Spanish that she represented a nation which must be reckoned with in the present crisis."

"The feeling among both Americans and British in the bay is that Germany's attitude, as shown by these movements, is highly reprehensible, and anything but respectful to the United States. Many German merchants at Manila are almost as much displeased by the incident as are the British."

"Manila is in a state of excitement bordering on panic. Thousands of foreigners, anticipating bombardment, have taken refuge on the neutral ships in the harbor. Meanwhile Gen. Aguinaldo's wild levies continue to attack the Spanish outposts incessantly. They have tightened the cordon around Manila on the south side and have captured and destroyed a Spanish magazine."

"Gen. Aguinaldo is confident of being able to prevent Gen. Monet from effecting a junction with the garrison at Manila."

Dewey Is Being Threatened. Manila, via Hong Kong, July 6.—It has been asserted by a Spaniard in an official position that Spain has ceded Yolo, Sulu Island, to Germany, which has promised to maintain an autonomous government there. It is alleged that if Dewey bombards Manila German warships will intervene. It is suspected that Great Britain and America will work in harmony, in which event other nations will combine to frustrate their plans. It has been openly threatened that if Americans open fire on Manila German warships will attack Dewey's fleet. Additional Russian war vessels are expected at Manila shortly.

Continuation of War a Crime. Rome, July 6.—The Spanish ambassador conferred with Cardinal Rampolla on papal intervention for ending the war. Admiral Palumbo, minister of marine, said: "The naval battle at Santiago was a useless sacrifice. The Spanish fleet had no chance of defeating the Americans. I think peace is near at hand. The continuation of the war will be a crime."

Admiral Amaza said: "The honor of the Spanish arms has been preserved. Spain is now bound to ask for peace. If she still refuses to do so the sympathy of Europe is lost."

Spanish Throne Trembles. London, July 6.—The Spanish government has decided to await the fall of Santiago before adopting a definite policy in regard to the war and the internal crisis. The only point settled respecting the Sagasta ministry is to make the support of the present dynasty the supreme object. Its action in everything will be bent to this end. Sagasta will resign, will work for peace, or will prosecute the war, according to whichever course seems best designed to defeat the plots against the throne.

Must Now Sue for Peace. Rome, July 5.—The Italian, the official organ of the government, publishes a strong editorial in which it condemns the Spanish government, and says Senor Sagasta is a fool. The United States is referred to as an instrument in the hands of Providence, which will not allow open iniquity, such as conducted by Spain, to exist. The article further says that the battle of Santiago is one of the most important events of the present century, and says all that is left for Spain to do is to sue for peace.

Camera in the Suez Canal. Port Said, July 6.—Admiral Camara's fleet arrived Monday evening, having transferred coal outside. The transport San Augustin joined the fleet Saturday night. They all entered the canal Tuesday morning without electric lights.

Program of Indiana Republicans. Indianapolis, July 6.—The executive committee of the republican state central committee met with Chairman Hernley Tuesday to arrange the program for the coming state convention. It was decided to dispose of all the routine work of the convention on the first day, form the permanent organization, adopt a platform and hear the reports of the various committees, and then adjourn to the day which will be devoted to the nomination of a ticket.

Chicago's Increased Population. Chicago, July 6.—The population of Chicago, according to the school census, which was completed on Friday, is 1,851,588, indicating a gain of 234,953 in the last two years. The result of the census of 1896 was 1,616,635. The estimate made by the publisher of the

Money for Sampson's Men.

New York, July 6.—The men of Admiral Sampson's fleet will get something besides glory as payment for their work of destroying the Spanish fleet. A considerable amount of hard cash will be theirs. For every man on the Spanish warships at the time of our attack our sailors will receive \$100 bounty. There were about 1,700 men on Cervera's ships when the battle began. The officers and men of our navy will consequently divide up over \$170,000.

Four Gold Clashes Pay.

Vancouver, B. C., July 6.—The first steamer to arrive from St. Michael's with gold dust and news from Dawson direct is the tug New England. It was reported at Dawson that there are 16,000 claims recorded and only about 200 are on a paying basis. It is estimated that from \$20,000,000 to \$40,000,000 will come out of the country this spring. A good part of this will be composed of last year's output.

Comment of London Papers.

London, July 6.—All the papers comment on the sudden and dramatic transformation resulting from Admiral Cervera's mysterious and suicidal maneuver, which various theories are advanced to explain. All eulogize the bravery displayed on both sides, and strongly counsel Spain to accept the inevitable, and sue for peace, which would entail no dishonor.

Excursion Steamer Sunk.

Beverly, Mass., July 6.—The excursion steamer Surf City, with sixty passengers on board, was struck by a terrible squall Monday night and capsized. The following bodies were recovered from the wreck: Mrs. Catherine D. Weber, 25 years old, of Beverly; Miss Grace Snell, 13 years old, daughter of Arthur Snell of Beverly; 3-year-old son of John Kenney of Beverly.

Uruguay Revolution Ended.

Washington, July 6.—Last evening advices were received by the state department from United States Minister Fitch at Montevideo that the revolutionists had capitulated after a demonstration against the government lasting only two days. The minister states that the fighting was heavy while it lasted, 60 persons being killed and about 300 wounded.

Penitentiary for Dreyer.

Chicago, July 6.—Edward S. Dreyer, former head of the banking and real estate firm of E. S. Dreyer & Co., was sentenced by Judge Smith to the penitentiary to serve an indefinite period for withholding \$315,000, which the West Park commission intrusted to his care as its treasurer.

William K. Carlisle Is Dead.

New York, July 6.—William K. Carlisle died Tuesday at the home of his father, John G. Carlisle, ex-secretary of the treasury. Mr. Carlisle had been a resident of New York only about six months. He came to this city to assume the practice of his brother Logan, who died recently.

German Will Build a Gunboat.

Indianapolis, Ind., July 6.—At the suggestion of Albert Lieber, a call will be issued to the German-Americans in the United States to contribute for the building of a gunboat, to be presented to the government as a gift of German-American citizens.

Sharkey Challenges McCoy.

New York, July 6.—Tom Sharkey has issued a challenge to any heavy weight in the world, "Kid" McCoy preferred, to box twenty or more rounds for \$5,000 a side before the club offering the best inducements.

Colon Is Doomed.

Oil Santiago, July 6.—The Spanish armored cruiser Cristobal Colon has listed on her beam ends on the rocks, and it is now practically impossible to

KILLED IN STEEL MILL.

Molten Slag Explodes at South Chicago Plant.

Chicago, July 6.—Three men were killed and a score injured, some perhaps fatally, by an explosion of molten slag at the rolling mills of the Illinois Steel company at South Chicago last Friday night. The dead were: ADDISON, WILBUR, American, 17 years old. JOHNSON, ALBERT, Swede, 28 years old. STRAND, ADOLPH. Among the injured were: Roger, W., leg crushed, internal injuries feared; condition critical. Johnson, —, both legs broken, badly burned; will probably die. —, Andy, Swede, one eye and nose destroyed and otherwise injured; may die.

J. B. Walker, manager of the Illinois Steel company, and Thomas Moore, superintendent of the repair department in which the explosion occurred, were censured by a corner's jury.

The explosion was caused by turning a stream of cold water from a hose into a five-ton "jumbo" ladle while it contained nearly six inches of molten slag. The action was, it is said, the result of carelessness on the part of young Addison.

The boy thought the ladle empty. He had been told to cool it when empty and turned on the water. The explosion was instantaneous.

SPANISH PRESS IS BITTER.

Madrid Papers Say New Men Are Needed to Meet Present Crisis.

London, July 6.—The Madrid correspondent of the Standard says:

"The newspapers are daily showing an increasing animosity against the government. The comments are very bitter. El Imparcial asks for new men capable of inspiring the nation and the army with confidence. El Liberal tells the cabinet that the best service it could render the country would be to make way for men more in touch with public opinion and allow a solution of the crisis in which the present and future of Spain are at stake."

"El Heraldo declares that the time for a liquidation of responsibilities is fast approaching. The Carlist and republican papers are equally violent. They cast the entire blame upon the liberal cabinet without showing much desire to undertake the unenviable task of succeeding Sagasta."

Senator Hoar Is for Hawaii.

Washington, July 6.—Senator Hoar occupied most of the time of the senate Tuesday with an able argument in favor of Hawaiian annexation. He had long hesitated about the question, he said, and should even now be opposed to admitting Hawaii if such action meant the first step in the acquisition of barbarous archipelagoes and committed the United States to join in the plunder of China and Africa. But we had already established such close relations with Hawaii that our formal acquisition was imperative, he contended. It would mean the extension of peace throughout the world.

Mr. Lindsay, of Kentucky, opposed the resolutions, directing his attack principally against their constitutionality.

Mr. White, of California, resumed his speech in opposition.

Recognize Schley's Services.

Washington, July 6.—Representative Berry of Kentucky, a member of the house committee on foreign affairs, Tuesday introduced the following joint resolution:

"Joint resolution tendering the thanks of congress to Commodore Schley, United States navy, and the officers and men under his command."

"Resolved, That the thanks of congress and the American people are hereby tendered to Commodore Schley, United States navy, and the officers and men under his command for their heroic and distinguished conduct in destroying the Spanish fleet in Cuban waters on the 3d of July last."

The resolution was referred to the naval affairs committee.

Companies to Mix Stamps.

Chicago, July 6.—An important ruling on the war revenue law has been made by V. B. Scott, commissioner of Internal Revenue, in response to the protest of the Illinois Manufacturers' association against the collection of the stamp tax from shippers by transportation companies. Commissioner Scott interprets the law in direct variance with the construction placed upon it by railroad and express companies, and says they must meet the expense of stamps themselves.

For Killing Postmaster.

Washington, July 6.—The chief post-office inspector has been informed that Alexo Rogers was arrested at Lake City, S. C., on July 2, charged with the murder of the negro postmaster at that place in February last. Tuesday the following named persons were arrested charged with the same crime: Oscar Kelly, Marion Clark, Edmund Rogers and Charles Joiner. Eleven persons suspected of complicity in this crime have up to this time been arrested.

Nearly a Whole Town Burns.

Sacramento, Cal., July 6.—The town of Dunsmuir, in Siskiyou county, on the line of the California & Oregon railway, was almost swept out of existence by fire Tuesday. The fire started in the Arlington house. The railroad library and section house, together with two business blocks and private residences, were destroyed.

Our Public Debt.

Washington, July 6.—The following figures show the total public debt and cash in the treasury at the end of the fiscal year, June 30, 1898: Aggregate of debt, including certificates and treasury notes, \$1,796,531,995.50. Cash in the treasury: Gold, silver, paper, and

Make It Public.

Publicity Counts. That's What the People Want. Janesville experience on the subject.

Make it public. Tell the people about it. Gratitude promotes publicity. Grateful citizens talk. They tell their neighbors—tell their friends.

The news is too good to keep. Everybody should know about the little conqueror. "Bad Backs" are numerous. So few understand the cause. Janesville people are learning. And better still they are being cured. Lame backs are lame no more. Weak ones regain their strength. This is the everyday talk in Janesville.

Of Doan's Kidney Pills. Our citizens are making it public.

Mr. H. W. Rodgers of 210 S. Main St., carpenter, says: "My wife had kidney complaint and rheumatism for about five years. Of late the severe pain across her loins caused her a great deal of suffering. I learned about Doan's Kidney Pills and obtained them for her at the Janesville drug store. She used the remedy with gratifying results. As soon as she began to experience benefit her improvement was rapid and the aching pain across the loins subsided permanently. She does not hesitate in saying that Doan's Kidney Pills proved a reliable remedy and she will be only too pleased to give her experience more fully to any lady calling who really requires advice."

Doan's Kidney Pills are for by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for U. S. Remember the name, Doan's, and take no other.

NEW STYLES.

Prevailing Modes For the Present and the Coming Seasons.

The foremost modistes are now adding a touch of black—broctelles, belt, bows or choux—to nearly all costumes of light or bright colors. A black sash of satin or

SILK TOILET.

will accompany a gown of rose or pale green, a turquoise blue toilet will be ornamented with jet. This sort of combination is also seen in summer goods, batistes of straw, corn, mauve and other delicate tints being embroidered with black dots. These goods will be much employed for warm weather gowns, as will large checked ginghams and piques. For more elaborate costumes embroidered voile, chenille embroidered tulle and mousseline de soie with daintily colored floral designs will be used.

Skirts for evening and ceremonious wear are to have a train, more or less long. Sometimes it just lies upon the ground, sometimes it is very extensive. Around the hips skirts are very close, and no crinoline or half-crinoline is used anywhere about them, a soft, flexible effect being now the newest and most desirable thing. Bodices will retain the blouse in front, but behind it must go. It was never becoming there. Full fronts are not likely to be abandoned all summer because they lend themselves so well to thin materials. Close corsets are to be worn also, however, and indications are that they will soon preponderate.

Sleeves are quite close and plain—at least the newest ones—but with these adjusted sleeves and bodices the collars and berthes of the 1890 order are to be revived. The picture shows a costume of pale blue silk. The front of the skirt forms a deep, round apron, upon which is mounted a blouse of silk which grows deeper toward the back. The close bodice is crossed in front and has a fichu composed of three narrow ruffles of pale blue mousseline de soie which opens over a chemise of black satin. The collar and belt are of black satin, and a black satin bow at the back retains two long sash ends of black satin edged by ruffles of blue mousseline de soie. The black straw hat has a black satin crown and is trimmed with black plumes.

THE HOUSEHOLD.

Hints on Table Service and Decorations of the Living Rooms.

The latest fancy for an elaborate dinner service is to substitute gold plated ware for silver when the time for dessert arrives. All the silver being removed, it is replaced by forks, spoons, knives and little plates of gilded ware.

The leaves of foliage plants used as a decoration in ordinary living rooms should

HOUSE GOWN.

be wiped every week to keep them fresh and remove the dust. Plants flourish much better when thus treated and are much more ornamental. Palms, mimosas, plants and rubber trees are chiefly chosen for household decorations because they will live with a comparatively small amount of light and care, but some varieties of begonias are also popular in these respects and make very pretty ornaments. The ordinary large leaved canna, such as is bedded out to form groups in the garden, is also a very satisfactory decorative plant when planted in a tub or jar in the house. It has much the effect of a banana tree, but is more leafy and luxuriant. The large variety of calla lily, when well grown, is likewise a graceful plant, and the leaves alone are ornamental enough to make it valuable for the house.

Cartridge paper in gray, green, coffee or green tones is preferable to paper having a design for any room where pictures are to be hung on the walls. If a rich and elaborate wall paper is desired, pictures

should be omitted and the wall decoration left unbroken by any such interruptions. The walls of the dining room and the hall are often covered with paper having a highly colored and conspicuous design, the surface being divided into panels by bands of picture molding. In such cases pictures will detract from the good effect instead of increasing it.

The out given today shows a house gown of blue cloth. It is gathered in to the figure by rows of shirring at the waist behind, while in front it is double breasted and falls straight. The collar and revers are of white cloth, the latter fastening under a bow of white tulle ribbon with long ends. The loose sleeves are gathered into a deep cuff of white cloth ornamented with white pearl buttons.

FOR LITTLE FOLKS.

Looking In.

Climbing its airy green ladder,
The red rose sits in the pane,
And a fair little face in the window
Nods to the rose again.

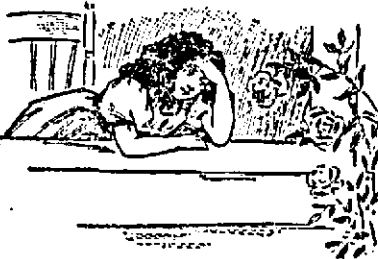

The rose hath a bee in its bosom
Singing of happy days
Where the fairies hide in the branches
Or flit o'er the thymy fells.

Kissed by a whispering sunbeam,
The little face gleams and glows,
"Ah, wait till I do my wiggles,
And I'll follow the bee in the rose."

"And wait till I buckles my Sunday shoes,
The path may be wet by the mill,
I'll bring, too, my little birch basket,
For the berries hang red on the hill."

The sunbeams slid through her ringlets
And rippled from shoulder to knee,
Then danced with the maid round the
Sanded floor.

While merrily sang the bee.
Oh, sweet o'er the sunny meadows
Come, wait for the new-made hay!
And, list, as it runs through the alders
The brook calls the maiden away!

Then sang she: "I come! Yes, I'm coming!"
Her ribbon she ties 'neath her chin,
And, lifting the latch, up the stairway
The long rays come flickering in.

And another voice hears little Mary,
Not the brooks or the 'withering bees,
Midway down the arrowy sunshine
Two wondering eyes she sees.

"Pray whither away, little Mary?
This guise it doth strangely becom.
Long waiting thee down in the dairy
Unskinned stands the thick, golden cream."

"And then thou must run with thy pitcher
To the spring bubbling under the ferns,
The summer morn wits our wee Bobbie,
With fever his little cheek burns."

"Thou must go to the garden, my Mary,
And bring him the blossoming balm,
And mindst thou the spinning and churning
Long waiting thy brown little arms!"

One tear fell over the basket
And down on the Sunday shoes,
Then the little maid sighed, "I am com-
ing!"

As the knots of her gypsy unloose,
The bee flew away to the meadow,
While Mary went over the stair,
But the red rose still leaned in the window,
And the sunbeam still kissed her soft hair.

E. C. Blanks, of Lewisville, Texas writes that one box of DeWitt's Witch Hazel Salve was worth \$50.00 to him. It cured his piles of ten years' standing. He advises others to try it. It also cures eczema, skin diseases and obstinate sores. People's Drug Co., East Milwaukee street.

ELASTIC STARCH

A Beautiful Present

FREE for a few months to all users of the celebrated ELASTIC STARCH, (Flat Iron Brand). To induce you to try this brand of starch, so that you may find out for yourself that all claims for its superiority and economy are true, the makers have had prepared, at great expense, a series of—

GAME PLAQUES

exact reproductions of the \$10,000 originals by Muville, which will be given you ABSOLUTELY FREE by your grocer on conditions named below. These Plaques are 40 inches in circumference, are free of any suggestion of advertising whatever, and will ornament the most elegant apartment. No manufacturing concern ever before gave away such valuable presents to its customers. They are not for sale at any price, and can be obtained only in the manner specified. The subjects are:

American Wild Ducks, American Pheasant, English Quail, English Snipe.

The birds are handsomely embossed and stand out natural as life. Each Plaque is bordered with a band of gold.

ELASTIC STARCH

has been the standard for 25 years.

TWENTY-TWO MILLION packages of this brand were sold last year. That's how good it is.

ASK YOUR DEALER to show you the plaques and tell you about Elastic Starch. Accept no substitute.

How To Get Them:

All purchasers of three 10 cent or six 5 cent packages of Elastic Starch (Flat Iron Brand), are entitled to receive from their grocer one of these beautiful Game Plaques free. The plaques will not be sent by mail. They can be obtained only from your grocer.

Every Grocer Keeps Elastic Starch. Do not delay. This offer is for a short time only.

An Old Lady On a Wheel

Came into the store yesterday, and went out into the Children's Department. Ever noticed her on the street? One of the best riders in town, and she DOESN'T wear Bloomers.

But as she passed out she stopped and fingered some SWEATERS in our Furnishing Goods Department and remarked that she "wished she could wear them." We have them as low as 50c. A fine EGYPTIAN COTTON Sweater which has proved the most popular thing of the kind ever seen in the city. Twenty dozen just in. Better see them. An all wool Sweater, blue, black, maroon, \$1.00. A better grade, nice assortment of colors, with Byron Roll Collars, striped with a different color, \$1.75 to \$2.50. If you ride a bike and sweat, ride your bike around 'or a Sweater.

Grocery Side Talk

If there is one thing more than another the average woman is particular about it is the groceries she pays for and the treatment she receives from her local purveyor. She has a right to be particular, too, as she usually is held responsible by the rest of the family for the eatables on the table, and their purchase being a daily duty she prefers trading with a store that never disappoints her in any way.

Our high standing among lady traders is through our untiring efforts to do exactly by them as we agree to do—never to disappoint them in quality, price or service. We make it a point to please people no matter if it might be easier for us to do otherwise, and we find it pays. Your money back always if you are not satisfied. Come and find out if we don't do more than you really expected.

PORT TAMPA AND THE CUBAN INVASION.

Port Tampa, Fla., the point of departure of the troops for Cuba, is situated on Tampa bay about ten miles from the town of Tampa. It is a railway terminus and owing to the war preparations going on there now is a busier place than ever before.

ONE HUNDRED COWBOYS.

All Are Expert Shots and Have Organized a Strong Cavalry Troop.

A cavalry troop of 100 cowboys has been organized at Beaver, O. T., formerly No Man's Land, and in the event of hostilities they will ask to be sent to the front where the fighting is the hardest. The men have spent their lives on the range and along the American border of Mexico and speak Spanish like natives. They are recruited from the Oklahoma range and have been picked.

Each man is a dead shot and a fearless rider and carries his own arms. A special says that they are intensely excited over the war rumors and have asked the adjutant general of the Oklahoma guard to petition the president to be allowed to go to Cuba and avenge the death of the sailors killed in the Maine explosion.—Cincinnati Enquirer.

Signs of a Thaw in Lowell.

Cats are very good barometers. When a thaw is coming, they will sit on the highest fences and positions. Just previous to the soft weather a few days ago six cats were perched in a pear tree in Lowell, Mass., on the highest branches. It was a sure indication of a thaw.—Boston Advertiser.

Weekly Crop Report.

Washington, July 6.—Statistician Snow's weekly crop report says: "The harvest shows a marked falling off in yield, but leaves the total still very large. The main reasons for reduction from previous high estimates are that the grain does not keep pace with the straw also some shrinkage from bugs, rust and hot weather. Corn crop late and uneven in Illinois, Missouri and Kansas, but promises above an average in Nebraska and Iowa. Complaints of some drought from Southern Minnesota and South Dakota July report on spring wheat will show a decline from June condition. Kansas acreage as given by the government at 3,800,000 is much too low. County assessors put it at 4,500,000 acres, and experts at 5,000,000.

Bryan in Federal Service.

Omaha, Neb., July 6.—The regiment of Col. Bryan is now in the federal service. Col. Bryan is now actively assisting in the mustering in of his command and has been eating from a tin pan for several days at Fort Omaha. Fort Omaha is assuming quite a military appearance. The grounds are patrolled night and day, and military discipline is strictly enforced. More than 1,000 men are at the fort now, all the companies having arrived, with the exception of that from Alma.

Increased Railroad Earnings.

New York, July 5.—The gross earnings for 59 railroads for the third week in June, as compiled by The United States Investor, were \$6,661,778, an increase of \$271,747 over 1887; 43 roads show increases and 16 decreases. Since January 1, the same roads reaped \$167,507,762, an increase of \$19,962,614 over the corresponding period of 1897;
